

TrackScotland Sponsorship

TrackScotland was set up 5 years ago by Adam and Fiona Kindness as a track club and online forum for motorsport enthusiasts.

The club organises various trackdays at Knockhill and at Crail each year, and we attend and organise days around the UK in conjunction with Motor Sport Vision.

TrackScotland have two race/track cars (a Nissan Skyline and a Subaru Impreza) that are well known nationally and regularly in the public eye, both on the race track and in the media. The cars represent ideal forms of advertising for several markets.

Fiona has competed with the Skyline in the past four seasons of Time Attack – a nationwide event.

In 2010, Fiona was champion of the 4WD Club Class. She has been promoted to Pro class for the 2011 season.

The Impreza is the newest addition to our fleet. Adam plans to compete in various rounds of Time Attack and Nippon Challenge in 2011.

Both cars compete in front of hundreds of fans at a national level on prestigious race tracks across the UK including Silverstone, Brands Hatch, Oulton Park and Snetterton.

On a more local level the cars are frequently at Knockhill race circuit taking part in TrackScotland organised trackdays. Our trackdays attract a high level of participants and spectators from Scotland.

Both cars are regularly featured online through various blogs, forum build threads and movie channels on YouTube.

Fiona has had various feature articles on the Time Attack website, tuning company websites and local newspapers.

Fiona currently has a number of sponsorship opportunities available for the 2011 season.

TrackScotland Sponsorship

▪ Title Sponsor: £2,500
